
scenarios to enhance the key development path with cinema businesses and dedicated display businesses as the fundamental business and with automotive businesses and other innovative businesses as growth businesses, which reflected strong resilience and activity in the overall business operation. The fundamental businesses led to continuously improving profit indicators for the Company, while the growth businesses created new energy: the automotive business achieved the revenue breakthrough from 0 to 1 to develop into a key growth pole of the Company in the future. During the reporting period, our operating income was RMB 445 million, essentially sustaining the level of the prior period; the net profit attributable to the parent company reached RMB 44.5433 million, up by 226.21% year on year; the net profit attributable to shareholders of the listed company after deduction of non-recurring profit or loss reversed the loss into profit; and the overall gross profit margin, was 32.44%, while other key financial indicators maintained stable. The operating highlights of the Company during the reporting period include:

Starting of the revenue contribution period for the automotive optics business

In December 2023, we achieved the official implementation of AITO M9, the first nominated automobile model, and entered the stage of intense mass production and delivery in March 2024, which started the revenue contribution period for the automotive optics business. In the first quarter of 2024, we achieved the revenue of RMB 48.0268 million from the automotive optics business. The automobile-grade projection giant screen in AITO M9 redefined in-vehicle intelligent space by meeting various demands for in-vehicle entertainment, office, etc. The smooth implementation and delivery of M9 indicated that our automobile-grade projection giant screen has been fully tested on the market.

On April 25, 2024, we released the world's first ALL-2 1 (X Q L Y H U V D O O D V H U K H D G O , Q W H U Q D W L R Q D O $ X W R P R E L O H) R U W K H ILUVW WLPH (, Q W H J U D W H G W K H Q high beam ADB headlight, variable color temperature headlight (compatible with the fog light mode), ground information display, automotive cinema, etc. into one headlight module with a small size. This greatly reduced the power consumption and volume of the entire system, and greatly reduced the overall cost of the system while meeting various demands for safety, social attrib

our revenue from the cinema business was RMB 153 million, up 2
